Fritanga Monimbo is a Nicaraguan-based restaurant located in different sections of Miami. They offer traditional Nicaraguan cuisine, including their famous “Carne Asada” among other delicacies like their daily soups, natural juices and mouth-watering desserts.

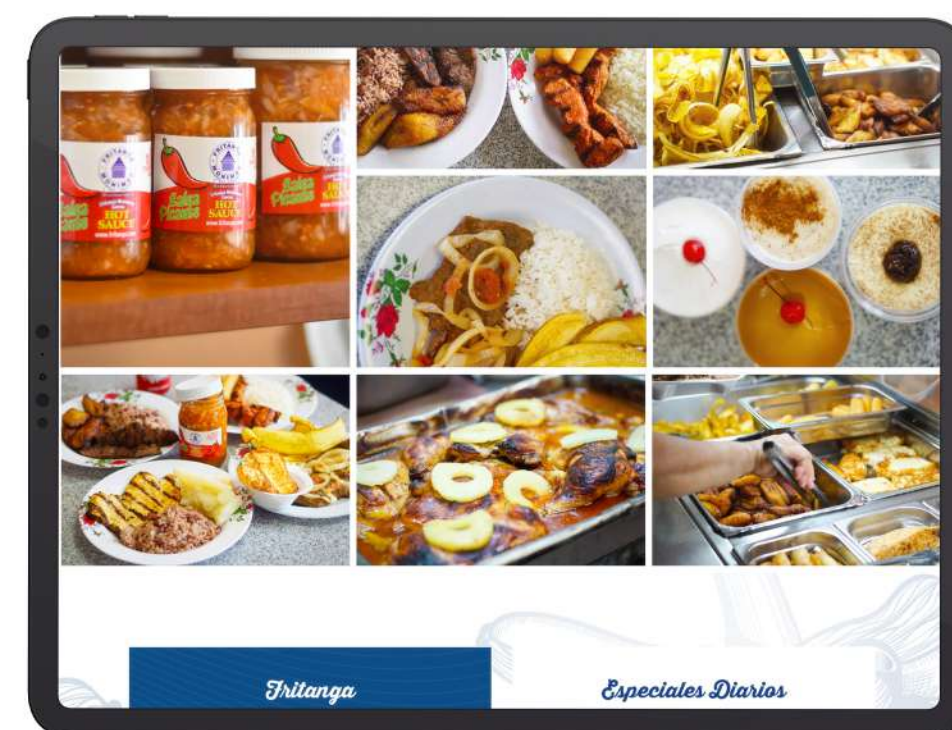

Ninety was tasked in developing a website that would focus mostly on their daily menu, gallery of foods, and location search and map. The result was brought in more online orders and a wider variety of customers visiting the restaurant.

Website Layouts
